

**Facilities Management Training  
Dublin - 17th & 18th April 2019**

**Carmichael.**

**Facilities  
Management  
Training**

DTNI is hosting a professional facilities management (FM) training event this spring in collaboration with Carmichael in Dublin.

For those already managing assets, such as community centres, heritage and arts centres, or those who are aspiring to, FM training is invaluable for understanding the standards, protocols and legal requirements of buildings management and maintenance.

A bespoke FM course has been commissioned by DTNI and designed by our trainer, Beth Goodyear, which will follow the British Institute of Facilities Management professional standards framework and cover the fundamentals of health and safety, energy, contract management and much more.

**Date and location:**

- 17th & 18th April 2019 - Carmichael Centre, Dublin 7 - price €250\*

\*Price includes lunch and training materials

**To book,**

Contact Stevie McGirr: +4428 9031 1132; [admin@dtni.org.uk](mailto:admin@dtni.org.uk)

## **Why Facilities Management?**

"The role of facilities management is to optimise the use of and manage workplaces, in order to deliver the strategic objectives of the organisation." (BIFM)

### The Role of Facilities Management

There are ten course components:

1. Sector knowledge
2. Strategy and policy development
3. Leadership and management
4. Business continuity and compliance (risk management etc)
5. Business support services management
6. Property portfolio management
7. Quality management and customer service
8. Finance and IT
9. Procurement and contract management
10. Sustainability (energy management etc.)

A certificate of attendance will be issued which can be used for CPD purposes and the course functions as a stepping stone to the Certificate in Facilities Management accredited training.

To book contact Stevie McGirr: +4428 9031 1132 [admin@dtni.org.uk](mailto:admin@dtni.org.uk)
